Subject: BSL3 / 2 conversions conference call

Hi,
Friendly reminder – please send your questions regarding any aspect of converting labs from use as a BSL 3 to use as a BSL 2 space. Please send to me by Nov. 12. Dr. Richmond will join us for a conference call on December 2 from 11:30 am – 1 pm in room 133.

Dr. Richmond requested that all questions be collated and sent to him in one packet. I am coordinating the questions and will send to him by Nov. 15.

I planned to submit all questions anonymously; they will not be identified by laboratory or person. I will work with Dr. Richmond to supply each PHL with a set of the questions and the responses to each question. This will ensure that we all have a copy of the questions and responses.

If you have any other comments/concerns, please contact me.

Thanks,
Peggy DiNatale
